Achyut
Kayastha
Student

I consider myself a driven student currently pursuing studies in **BEI** and seeking real-world experience as a **Web developer**. As learning is a part of the job, why to even delay the process of growth is the major question I would ask. Excited to learn about the real life ways of the web development projects and particularly in backend for the time being.

• Education

SLC

Everest Academy - Banepa 2, Kavre

- Awarded [Award Name] SLC District Topper (3.90 GPA)
